We are excited to introduce Prewards!

Prewards are digital incentives (like coupons) that are linked to your Peoples State Bank debit card. Merchants in the Prewards network link these digital incentives to your account for you to enjoy at their restaurants, stores, or places of business. You do not have to do anything to receive Prewards, other than register for the program - although the more you use your card, the more Prewards you’ll receive. Once you’ve received a Preward, all you have to do is shop at the merchants’ participating in-store and/or online locations (each Preward has its own terms of use).

Here is the link to register: https://peep.myprewards.com

You can also learn more about Prewards by reading the information under the "About Us" submenu on the site.

Simply register your email, password, and account information (first 6 digits of your card number, last 4 digits of your card number, and last 4 digits of your Peoples State Bank account number). Once entered and submitted, a confirmation note will be sent to your email account on file to verify your identity. To complete registration, just click the link in the email, return to the site and answer a few simple questions about yourself (e.g., home zip code, gender, cell phone number is optional) that will help award you with the most relevant offers possible, and you will be ready to start saving!

How do I know what Prewards are available to me?

When a new Preward offer is available, you can find out in two different ways.

1. Visit the “Prewards” page (specifically the “Available Prewards” submenu).
2. You can opt to receive email and/or text notifications about updates to your Prewards account by editing your “Communications Preferences” on the “Settings” page.

Here's an example of how it works:

You are offered $1.00 Preward on a $7.00 purchase from a specific merchant. You go to the place of business or online store, spend at least $7.00 and pay for your purchase with your debit card. You do not receive the $1.00 Preward at the time of the purchase, and you will be charged for the total purchase. The $1.00 Preward will then be credited to your PSB account as a separate transaction.

FALL 2011

Crawford County Community Elder Abuse Forum

Who Should Attend:
All interested Community Members

Purpose:
To inform Community about Elder Services and raise Awareness of Elder Abuse

Date: September 28, 2011
Time: 9:00 a.m. - 11:30 a.m.

Get more of the money you’re owed without more work!

Accepting checks from your customers is necessary, but it can be risky. Many, many Americans write checks when they pay for goods and services; but, unfortunately, 1-3% of them will “bounce.” What’s more, businesses using traditional collection methods recover only about 40% of funds from checks that have been returned due to non-sufficient funds (NSF).

Re$ubmitIt - electronic check recovery service offered at Peoples State Bank is the answer!

1. Your business accepts checks and deposits them with Peoples State Bank (PSB).
2. A customer’s check is returned to PSB due to non-sufficient funds (NSF).
3. PSB sends the returned check to the Re$ubmitIt processing center for recovery.
4. Re$ubmitIt converts an eligible check to an electronic transaction and re-submits it to the check writer’s bank account for payment. If the check is returned unpaid again, Re$ubmitIt will submit the check electronically one more time. The program can submit a check electronically twice, thereby increasing the opportunities for recovery even more.
5. The full face value of all checks collected by Re$ubmitIt is remitted to your account via automatic deposit.

The Recovery costs you nothing!
